Climate desirable for delicate girls. Tuition beautifully laid out. Golf, Tennis, Croquet and other athletic games. Excellent care; reasonable rates. Address

The Directress of Mount de Chantal Academy, Near Wheeling, W. Va.

## TWO STATE BOARDS ARE IN SESSION

Here To-Day, Board of Embalmers and Board of Health, to Examine Candidates.

## FOR LICENSE TO PRACTICE

Embalmers and Medicine, Respectively—Local Funeral Directors Interested.

The members of two state boards are gathering here for meetings to be held to-day. Of the board of health, the following members had arrived last night: Dr. Spangler, of McDowell county; Dr. Robbins, of Fayette county; Dr. Blubaugh, of Parkersburg; and Dr. H. A. Barbee, of Point Pleasant. Dr. Blubaugh is president, and Dr. Barbee secretary, of the board. Other members of the board will come in this morning. Dr. D. H. Taylor is the local member.

The other state board assembling is the board of embalmers, of which President J. B. Tippet, of Point Pleasant, and George D. Gillman, of Parkersburg, had arrived last night. Other members who will reach the city this morning are Messrs. W. A. Fredlock, of Piedmont; secretary, Edward Stealy, of Clarksburg; William Wilen, of Martinsburg.

Though the two boards meet in the same city on the same day, it is only a coincidence, though matters come up in which both boards are alike interested, and possibly conferences will be held between them.

The principal object for which the state board of health meets is to examine applicants for license to practice medicine and surgery. Examinations will commence at 1 o'clock this afternoon and will continue until Saturday, the 17th. The sessions of the board will be held at the city building, in the chamber of the second branch of council.

The state board of embalmers, too, meets to examine applicants for license in that line of business. The board will be in session at 10 o'clock this morning at the McLure.

The West Virginia Funeral Directors' Association, through the efforts of some of its Wheeling members, will ask the two state boards to have rescinded the rule by which only licensed embalmers may prepare bodies for shipment by railroads or other transportation lines, in cases where death has been caused by infectious or contagious diseases. This rule has been adopted by both the national general baggage agents' association and the national association of state boards of health, so that the general opinion is that a local or a state campaign for rescinding will not meet with success.

## TIN PLATE WAGES

Go to the Base of the Scale, Through Reductions Made in the Selling Price—Amalgamated Committee Investigating Company's Books.

The result of the bi-monthly examination of the sworn statements by the American Tin Plate Company of the sales for September and October, made at Pittsburgh headquarters of the Amalgamated Association was not satisfactory. The returns showed that the average sales were below the base of the scale, which is \$1.20 a box. A dispute arose as to the accuracy of the figures given, and in order to verify the statements it was decided to examine the books of the company.

A committee, composed of President T. J. Shaffer and W. D. Francis, of Elliott City, was appointed to go to the company's offices and make a careful examination of the books. This committee left for New York, and a thorough investigation is being made. No report of the result of the examination had been received at the Amalgamated Association office at Pittsburgh yesterday.

The wages of the tin plate workers are based on the average selling price of plates for the previous two months. The selling price of the combination until October 1 was \$1.65 a box. On that date a cut to \$1.40 a box was made, but it was given out at the time that some deliveries at the high rate would be made in October. Some of the members of the committee could not understand how the average could fall below the base when some large deliveries were known to have been made at the old price.

From information secured previous to the bi-monthly examination it was believed that the average would not fall below \$1.40. This would entitle the workmen to 2 per cent above the base of the scale. By the returns made the wages are reduced 8 per cent, as the rate paid during the past two months was that much higher than the base.

## NO SETTLEMENT

Yet Arrived at by the National Steel Company and Its Employees at Mingo Junction—A Fruitless Conference Yesterday.

The situation at Mingo Junction, where officials of the National Steel Company and committees of its workmen, as well as representatives of the Amalgamated Association, have been conferring in an attempt to settle differences regarding wages, is unchanged. Another conference was held yesterday afternoon, but again it was fruitless. The men decline to accept the proposed heavy reduction.

An unconfirmed rumor is in circulation that the company will attempt to start the mill Saturday, if there is no settlement in the meantime.

An Entertaining Lecture—Free. Friday of this week at 4:30 and 8 p. m., a lecture replete with interest to all who have ever felt a desire to speak German's language or who are interested in progressive educational methods will be delivered by Prof. A. P. Haupt, the author of the most advanced system for acquiring the practical language of the Germans and the originator of "German in Five Weeks," Hilberd hall, 1314 Market street.

## A SHOOTING SCRAPE

In the Second Ward Wednesday Afternoon Fortunately Ends Without Murder Being Committed by Elsie Gray, a Well Known Character.

Yesterday shortly after noon, Elsie Gray, a notorious character, who has often figured in the police and criminal courts, and John Donley, of Bridgeport, figured in a shooting scrape that nearly ended fatally for the Bridgeport. From all that can be learned of the affair, Gray and Donley fell out recently over a game of cards, and when they met yesterday in John G. Kline's Second ward saloon an altercation ensued. Words were insufficient for the occasion, and Gray whipped out a revolver, and fired four shots at Donley, who did his best to dodge the bullets, and successfully, as but one touched him, and that barely grazed his body under the left shoulder.

Gray then proceeded to make himself scarce, while Donley was taken to police headquarters, where Drs. Eugene Hoge and S. L. Jepson examined his wound and pronounced it not at all serious. Warrants were sworn out against Gray, who was arrested later in the afternoon by Officer Wells, of the secret service bureau. Squire Scrolowitz held Gray for a hearing on Friday afternoon at 2 o'clock. The charge is attempt to kill.

## MANY CASES NOLLIED

Yesterday in the Criminal Court, on Motion of Mr. Meyer.

Yesterday, in the criminal court, Judge Hugus on the bench, on motion of the retiring prosecuting attorney, William C. Meyer, many old criminal cases were nollied. This is usual with retiring prosecutors. The following cases were nollied: State vs. Ben Frazier, Alex Gurley, Bert McConaughy, F. Cross, Jack Forsythe, Robert Auber, Richard Taylor, Henry Belmont, Robert Foster, F. F. Haydon, W. F. Wharton, Albert Mareno, C. E. Camp and J. S. Brubaker, William Gribble and August Klatz, Dairymen's Association, Hattie Johnson.

## NEW POLES AND WIRES

For Western Union Lines in Wheeling and Ohio County.

Under the direction of Foreman James Bonnette, the poles and wires of the Western Union Telegraph Company's lines in Wheeling and Ohio county are being renewed, at a cost of many thousand dollars. On the Island streets, Virginia, South Wabash and Zane, sixty-five-foot cedar poles are being used, and on that section twelve wires are being strung. Eastward from the main office in this city, on Twelfth, Chapline, Sixteenth and Seventeenth streets to the Baltimore & Ohio tunnel, sixty-five-foot cedar poles are being planted, and thirty-eight wires strung. Beyond the tunnel the reconstruction work to Roney's Point is in the hands of the Baltimore & Ohio railroad corps of linemen.

## A HARD WORKER.

One of the "Kings" of the Coast. Mrs. L. S. King, of Concord, Cal., is state organizer and lecturer for the W. C. T. U. of California. She had been carrying on her work without using proper food to sustain her body, and says: "Before I found Grape-Nuts food I was suffering seriously with indigestion and my mind had become sluggish and dull, the memory being very much impaired."

"Hearing of Grape-Nuts as a food for rebuilding and strengthening the brain and nerve centres, I began its use. In two months I have gained four pounds in weight, never felt better in my life, and find a most remarkable improvement in my memory and mental activity. I never stood the fatigue and pressure of work as well as I do now. A short time ago I went to a new county, worked twenty-two days, almost day and night, without rest, and came home feeling fine. You may be sure I take Grape-Nuts food with me so that I may depend upon having it."

## Test It Yourself.

One week's free tuition in the Gregg system of shorthand at the Elliott School, 1318 Market street.

JUNIOR KING'S DAUGHTERS of St. Matthew's church will have a cake sale, Saturday evening, commencing at 9 o'clock, at Graves' book store.

FUNERAL DIRECTORS AND EMBALMERS. Open Day and Night. Corner Thirty-sixth and Jacob streets. Telephones: Store, 1742; Residence, 1752.

## ..POLITICS..

A function that was both political and social in its scope and most enjoyable to all who were fortunate enough to be present, was the reception and banquet given last night at the Mound City hotel, in Moundsville, in honor of United States Senator Nathan B. Scott, of this city, by the N. B. Scott Six-footer Club, of the Marshall county town. Accompanied by the Republican state committee, Senator Scott went to Moundsville late in the afternoon, and was received with open arms by his political and personal friends and admirers in Moundsville. After a reception, during which Senator Scott greeted hundreds of Marshall county's people, the party repaired to the hotel dining hall, which was elaborately decorated for the occasion, and discussed the fine menu that had been prepared for the banquet. Prosecuting Attorney T. J. Parsons, of Marshall county, presided as toastmaster, and did himself proud. The following responses to toasts were made: "Our Guest," Senator Nathan B. Scott; "West Virginia Politics," James K. Hall; "Marshall County," Dr. J. W. McDonald, of Benwood. There were many other informal talks, including responses by three clergymen, who graced the function with their genial presence, Rev. B. M. Spurr, of Trinity P. E. church, and Rev. Smith, both of Moundsville, and Rev. Spencer, of Barnesville, Ohio. The guest of the evening was presented with a silk ribbon souvenir, bearing the names of all the members of the N. B. Scott Six-footers. Senator Scott and Mr. Hall returned to the city at midnight, and spoke glowingly of Marshall county's brand of hospitality.

Hon. J. S. Darst, of Jackson county, a member of the house of delegates, writing to a Wheeling friend, says he will be a candidate for speaker of the house. This is Mr. Darst's third consecutive term, and his friends expect him to be selected, as the oldest member, to call the house together before reorganization.

In yesterday's Intelligencer it was stated that Senator Scott's prediction was that President McKinley would have 235 votes, and that he was prevailed upon by Manley and other eastern members of the national Republican committee to eliminate Nebraska's eight, making 237. This was a typographical error; it should have been stated that Senator Scott predicted 232 with Nebraska and 284 without Bryan's state. As is generally known, McKin-

ley carried Nebraska and got 232 electoral votes, just as West Virginia's member of the committee forecasted.

United States Minister to Colombia Charles Burdett Hart, of this city, cabled the news of the election to his consul general at Bogota, using just one word, "McKinley," at a cost of \$12 cable tolls. To be concise is to be economical in this matter of cabling to South America.

## Want Union Tobacco and Liquor.

MT. CARMEL, Pa., Nov. 14.—Three thousand United Mine Workers of this place at a meeting last night decided not to use any tobacco, cigars or beer that did not bear the "union made" stamp. It was also decided to destroy all powder kegs and gum boots after they were used or worn out so that the ragmen and junk dealers could not collect and sell them to manufacturers, who would make from them new articles.

## Deprived of His Exequatur.

LONDON, Nov. 15.—"The Portuguese government," says the Lisbon correspondent of the Daily Mail, "has cabled depriving Herr Potts, Transvaal consul at Lourenço Marques, of his exequatur."

## Conductor Killed.

STOCKHOLM, Nov. 14.—In a railway accident to-day near Gellivare, a conductor was killed and six passengers were severely wounded.

## FAMILY WASHING.

Rough Dry Washed, Starched and Dried 5 cents per pound. Flat Work, Washed and Ironed, 5 cents per pound. All hand work finished 10 cents per pound. At LUTZ BROS' Home Steam Laundry.

## ALEXANDER—SHOES.

Can't say too much about the "Armored Cruiser Shoe for boys. They will wear longer and look better than any other boys' shoes. Cost a little more at the start, but more than even up at the finish.

GOOD SHOES! ALEXANDER 1049 MAIN ST.

**MUTUAL SAVINGS BANK**  
1521 Market Street.  
If your home needs repairs or you want to build an addition, we will loan you the money. No fairer or better terms than we offer.
